

## **MTSU Mentoring Program**

**Vision:** *To share experience and knowledge of members from the Chartered Property and Casualty Underwriter Middle Tennessee Chapter with Middle Tennessee State University students through a mentoring relationship for the mentee's personal and professional growth.*

**Overview:** The program consists of the Mid Tennessee Chapter of the Chartered Property and Casualty Underwriter Society along with Middle Tennessee State University providing a mentoring program between MTSU students and CPCU chapter members.

As CPCUs, we are committed to professionally, ethically and competently serve the insurance industry. These values will inherently help mentees in both their professional and personal growth. In addition to providing these values to the mentees, the mentoring relationship will allow mentors valuable personal coaching and sharing opportunities. This mentoring relationship will provide mentees with networking opportunities, new insurance industry perspectives and objective feedback.

This collaboration between CPCUs and MTSU students will allow mentors to share these values with individuals who are the future of our industry, and give back to the industry which has given so much to us and our families.

**Signing up:** Interested MTSU students should contact the mentoring committee at [midtencpcu@gmail.com](mailto:midtencpcu@gmail.com) for more information or questions.

In order for the relationship to be most beneficial to you, we understand that you will need to feel comfortable with your new Mentor. Therefore, information provided will include instructions and a means to contact potential mentors.
